A Compromise Medical Plan to Committee

WASHINGTON (AP)—Congress moved swiftly today to enact a compromise medical care plan for the aged.

The House by unanimous consent agreed to the Senate request to refer the legislation, passed in different form by the two chambers, to a conference committee. The committee got special permission to file its report up to midnight, indicating a drive to pound out the compromise today.

Meanwhile, Sen. John F. Kennedy marked down the issue for extensive treatment in the fall campaign. The Senate Tuesday turned down his preferred version of the legislation.

Wage Bill Goes to Committee

WASHINGTON (AP)—The House Rules Committee today deferred a decision on whether differing Senate and House minimum wage bills may go to a compromise committee.

The committee agreed to vote Thursday on whether to clear the stymied measure, a major stumbling block in the path of adjournment of the postconvention session of Congress.

Its surprise action came amid indications that there is little, if any, hope for committee clearance of a school aid bill which has been bottled up for more than a month.

Ministers Urged to Be Concerned

By STANFORD BRADSHAW

SAN JOSE, Costa Rica (AP)—Secretary of State Christian A. Herter today urged American foreign ministers to show their grave concern over Cuba's "toleration and encouragement of Communist intervention in the hemisphere's affairs."

Taking up the Cuba question at the meeting of the Organization of American States foreign ministers, Herter declared events indicate Cuba's leaders are directing the island nation "in the Communist direction."

Herter named the Soviet Union and Red China as the Communist powers moving in on the hemisphere and said:

"We should call for effective resistance to these efforts of the Sino-Soviet bloc and restate the validity of our regional association and its principles as guide and instrument for our continued cooperation."

Herter did not spell out what steps should be taken.

Some of the foreign ministers already have urged Cuba to disavow its ties with the Soviet Union and Red China and reaffirm its faith in the inter-American system.

Tax Attorney Dies in Texas

DALLAS, Tex. (AP)—John Paul Jackson, 56, nationally known as a tax attorney, died here yesterday after a long illness.

Jackson joined a Dallas law firm after serving eight years as a special assistant to the attorney general in the Justice Department Tax Division.

He was the senior partner in the firm of Jackson, Walker, Winstead, Cantwell and Miller.

Jackson also was a director in the Murphy Corp. of El Dorado, Ark.

Funeral services will be held here at 10 a.m. tomorrow.

Will Fight New Sugar Proposal

WASHINGTON (AP)—Sen. Allen J. Ellender (D-La.) served notice today he will fight attempts to choke off sugar imports from the Dominican Republic. He said, he wishes every Latin-American nation had a strong leader like the Dominican Republic's Rafael Trujillo.

Sen. James O. Eastland (D-Miss.) joined Ellender in an exchange on the Senate floor, sharply critical of President Eisenhower's call for legislation permitting a cut-off of Dominican sugar purchases.

Somewhat similar views were set forth in a House Agriculture Committee meeting.

Undersecretary of State Douglas Dillon appeared before the House group to back up the Eisenhower proposal on Dominican sugar. He said this country should go on short sugar rations if necessary rather than buy more from Fidel Castro's Cuba or Trujillo's Dominican Republic.

Dillon branded Castro as "a Communist-type dictator" and described Trujillo as a tyrant who has tortured and murdered political opponents.

Dillon ran into heavy opposition from the two top Democrats on the committee, Chairman Harold D. Cooley of North Carolina and W. R. Poague of Texas.

Cooley and Poague stressed that when Congress gave the President authority last July to cut Cuban sugar purchases it specifically increased the Dominican Republic's quota to help make up the difference. Both accused the administration of ignoring the intent of Congress. Both also came to the defense of Trujillo.

Did Right, Says Ike of Powers Case

WASHINGTON (AP)—President Eisenhower said today he still thinks he did the right thing in acknowledging that Francis Gary Powers' U2 plane was on a spy mission.

As he reviews it, the President told a news conference, he sees no reason to think that he would change his mind about the statements he made when the Russians disclosed that Powers' plane had come down May 1 in Soviet territory.

At the time, Eisenhower not only acknowledged the purpose of the plane was to gain intelligence but assumed personal responsibility for the policy decision back of the mission.

The matter was brought up at today's news conference by a newsman saying that there was some thought that Powers didn't have a chance in the Soviet Courts because this government had already admitted he was on a spying mission.

Eisenhower replied that Powers could not possibly have been repudiated by the government.

He said any such statement would have cast Powers in the role of an adventurous fellow who designed, manufactured and flew his own plane off on a mission.

Army Worms Locally Pose Serious Threat

Army worms have invaded Hempstead County and pose a serious threat to lawns and pastures. In fact several pastures have already been killed as well as lawns in Hope.

County Agent Calvin Caldwell gave the following information on proper control:

Control of army worms on lawns is as follows: Toxaphene 3 to 5 lbs. of 20% dust, Emulsifiable Concentrate, 2 tables spoons full of one gallon of water. DDT should be used at the rate of 5 lbs. of 5% dust or 4 teaspoons full of 25% Emulsifiable Concentrate per gallon of water.

Control of pastures is 2 lbs. of actual Toxaphene per acre or 10 lbs. of 20% dust. DDT is recommended at the rate of 1 pound of actual material per acre or 10 lbs. of 10% dust.

Caution: Milk cows or cattle going to slaughter should not be allowed to graze the pastures for a minimum of 28 days after spraying. Cattle that are not going to market within the next 60 days, dry dairy cattle and calves may graze the pasture after seven days from spraying.

Colton growers should use DDT at the same rate as is now used to control boll worms the County Agent said.

Congo Troops Pour Into Strife Area

By ANDREW BOROWIEC

LEOPOLDVILLE, the Congo (AP)—Premier Patrice Lumumba poured Congolese troops by air today into Kasai province, torn by tribal strife and threatened by secessionist movement.

The government requisitioned virtually all aircraft of the new Air Congo — formerly Belgium's Sabena line—to form an airlift between Leopoldville and Lubumbashi, center of continuing tribal warfare.

Congolese soldiers, commanded by hastily promoted officers, began boarding planes at Leopoldville's airport Tuesday afternoon.

Col. Joseph Mobutu, chief of staff of the fledgling Congolese army, confirmed that more than 600 men have been dispatched to Lubumbashi.

The provincial government of Leopoldville province appealed to U. N. soldiers to help it fight "Belgian paratroopers." The provincial government "planned" dropped men and equipment Monday night and that the paratroopers were entrenched in the Lower Congo area near the frontier of Portuguese Angola.

There was no confirmation of the provincial government's claim. To some observers it sounded like an extension of the spy charges Lumumba whipped up against the Belgians last week to rally public sentiment behind him and take the steam out of growing anti-Lumumba sentiment in the Lower Congo.

It was certain, however, that Kasai province, east of Leopoldville, was torn by serious trouble. For years the violently hostile Lulua and Baluba tribes have been fighting pitched battles with spears and poisoned arrows. Since political chaos and disorder swept the newly independent Congo, the struggle between the two primitive tribes has flared with new intensity.

A number of U. N. soldiers have been reported killed or wounded while trying to control the turbulent area. No official figures have been announced, but U. N. officials have spoken of at least five Tunisian soldiers killed.

For some time, the Congolese government has been asking the United Nations to supply planes. The U. N. refused, saying it had no right to serve as an instrument in the Congo's internal political situation. A number of observers believed that the Congolese airlift into Kasai might presage a similar operation against secessionist Katanga province, whose Premier Moise Tshombe has been defying the central Congolese government for nearly two months.

In northern Katanga, Belgian paratroopers reportedly restored order in Albertville after a demonstration by Lumumba supporters set off fighting.

McGlellan Against Medical Plans

WASHINGTON (AP)—Sen. John L. McGlellan (D-Ark.) voted against Democratic and Republican sponsored amendments on a medical care program for the aged.

The Senate yesterday defeated 51-41 an amendment of Sen. Clifford P. Anderson (D-MD.) to provide for medical benefits under the Social Security program.

McGlellan voted no in the roll call vote.

He also voted no in a roll call vote which defeated 67-20 a Republican-backed medical care program for the aged offered by Sen. Jacob K. Javits.

Castro Vows Friendship to Communists

By RICHARD VALERIANI

HAVANA (AP)—Fidel Castro today hurled a defiant vow of friendship for the Soviet Union and Red China into the teeth of the Organization of American States, which has urged his regime to halt its leftward march.

WASHINGTON (AP)—The Senate voted today to shut off all foreign aid money to any country which provides military arms or economic assistance to the Fidel Castro regime in Cuba.

It adopted the proposal, by Sen. Styles H. Bridges (R-MD.), as an amendment to a pending \$3,989,054,000 foreign aid money bill.

Under the amendment, funds would be withheld from any country which, in the president's judgment, "directly or indirectly is selling arms, munitions or implements of war, to the Castro regime in Cuba, or directly or indirectly is giving or loaning military or economic aid to that regime."

"We will be friends of the Soviet Union and the People's Republic of China," the bearded Prime Minister shouted to a cheering throng of women's organizations jammed into the Workers' Palace. Depicting his regime as "the most firm government of all America," Castro mocked the OAS and lashed out at the United States during a two-hour post-midnight speech.

The Soviet Union and Red China, he asserted, "have shown they are our friends," while the United States "attacks us and wants to destroy us."

"They (the Reds) do not come to talk to us in the insolent language of (the American) provocateurs accustomed to give orders. We are friends of those who are our friends."

The women squealed, cheered and chanted their approval as Castro shouted and waved with his old vigor.

The fiery leader concentrated his assault on the OAS, whose other members urged Tuesday at its foreign ministers meeting in Costa Rica that Cuba patch up differences with the United States and rejoin the hemisphere's anti-Communist ranks.

"With the OAS or without the OAS, we will win the fight," Castro roared. "With the OAS or without the OAS, we will triumph. With the OAS or without the OAS the revolution is a fact they will not be able to erase."

Marshals Try to Find La. Governor

BATON ROUGE, La. (AP)—Three U.S. Deputy marshals apparently are still playing a game of hide-and-seek with Gov. Jimmie H. Davis.

The federal agents made another unsuccessful bid last night to serve the governor with a summons to a New Orleans hearing concerning school integration. The trio of deputies made an appearance at the governor's executive mansion here, but were again unable to see Davis in person.

Davis has been avoiding the agents for the past few days, remaining in the mansion most of the time and doing his work at the dining table.

The suit, to be heard by a three-judge court Friday in New Orleans, was filed by the National Assn. for the Advancement of Colored People in an attempt to prevent Davis from interfering with racial desegregation in public schools.

Last week, Davis took over control of the New Orleans Public School system and ordered the schools to open Sept. 7 on a segregated basis.

Parents of Powers in Copenhagen

COPENHAGEN (AP)—Francis Gary Powers' parents arrived from Moscow today with a cautious hope that they soon may see their son who is under sentence of 10 years detention for espionage.

During a two-hour stopover before their plane left direct for New York, the U2 pilot's parents said that "with God's help we hope that we'll have him back with us before much time has passed."

Oliver W. Powers of Pound, Va., and his wife, Ida, landed in Copenhagen about two hours after taking off from the Soviet capital in a Soviet jetliner.

The pilot's wife, Barbara, stayed on in Moscow, hoping to see Premier Nikita Khrushchev and plead with him to lighten the 10-year sentence given her husband last week for his ill-fated U2 flight over the Soviet Union May 1.

Barbara plans to leave for home Saturday unless Khrushchev agrees to see her. The Soviet Premier is vacationing in Yalta, on the Black Sea.

Ida Powers made the only participating comment as the family boarded the plane in Moscow.

"I would have enjoyed the trip more if circumstances had been different," she said.

Oakhaven Group Entertains Lions

A group of future actors, musicians and comedians from Oakhaven entertained the Lions Club at the weekly meeting Monday.

Mrs. Haskell Jones was in charge of the group which presented a melodrama, three Spike Jones-type songs, and a vaudeville act.

The group consisted of John Scott Andrews, Buzz Andrews, Lance Jones, Judy Gray, Sue Gray, Allen Phillips, Robbie Phillips, Eddie Astin and Donna Achley. This group put in a lot of practice on the program and it was evident that the Lions were thoroughly entertained.

Two new residents of Hope, Dr. Charles Johnson and Thad Hawkins, were guests of the club.

But They Can't Agree He Tells Mr. Kennedy

By JACK BELL

WASHINGTON (AP)—President Eisenhower said today Sen. John F. Kennedy can get what he wants from Congress if he can get the Democrats together.

With this mild gift at the still among the Democrats, Eisenhower brushed aside at his news conference complaints by Kennedy, the Democratic presidential nominee, that the threat of an Eisenhower veto and lack of Republican support caused the Senate to reject his Social Security plan for medical care for the aged.

In making that complaint, Kennedy said that to get effective legislation "we're going to have to have an administration that will provide leadership and a Congress that will act."

Asked for comment, Eisenhower replied vigorously that the Democratic nominee has a 2-1 majority of his party in the membership of Congress.

He said he doesn't see how much more Kennedy could want. Even with more than enough, he added, the Democrats are not getting anywhere in Congress.

Eisenhower said that as for leadership, he had provided it by signing to Congress a program first outlined in January and then repeated in May and August.

The President said the Democrats have such a great majority that they can do what they want to in Congress if they can get to gain sufficient also "unite" under getting among themselves.

The news conference was devoted largely to politics, but the President said he does not regard the Cuban situation as hopeless. He said that he will attend the fall meeting of the United Nations only if he finds later that some questions have come up that he thinks he should speak on personally.

In the political field, the President touched on these topics:

EQUAL TIME—He announced he had signed a bill under which Kennedy's and Vice President Richard M. Nixon, the Republican presidential nominee, can debate on television without the networks having to give time to minor candidates.

Eisenhower called the networks' offer to give free time a fine thing and a public service.

CAMPAIGN ISSUES — Eisenhower said politics ought to end at the water's edge. He said, however, that while foreign policy, it self should not be an issue, the conduct of international affairs obviously is going to be injected.

Western to Make Outlaw Criminals

By CYNTHIA LOWRY
AP TV-Radio Writer

HOLLYWOOD (AP) — There
really will be something new under
the television sun it turns out.

"Outlaws," a new Western series
of NBC will tell its bad men tales
from the viewpoint of the criminals.

Furthermore, it will be fine not
the marshal, holding the winning
hand. And there won't be a fight
or shoot-out to climax each episode.

All this is pretty revolutionary
stuff, but rest assured, crime
won't pay. The TV code doesn't
permit it.

From the scripts we've already
done," explained actor Barton
MacLane, who plays the marshal,
"it seems that we're taking some
character who has committed a
crime and showing what made
him do it."

Most of them started out as
\$30-a-month cowboys who felt they
were wronged—a real or fancied
wrong—and then we tell what they
did. Neither the marshal nor his
two deputies are tough guys, and
usually we're conducting scorchers,
not chases. By the time we catch
up with them fate has resolved
the whole thing like a Greek tragedy.

MacLane illustrated with sam-
plings from plots of completed
shows.

"In one episode, the robbers get
away with the money, but a storm
blow-up and they couldn't escape
across a river. They started quar-
reling among themselves, and by
the time we got to them it turned
into a rescue operation."

"In another, the outlaw is dead
when we reach him, but we take
him in anyway, there's a \$10,000
reward for him, dead or alive, and

my deputy wants to collect the
money to give to the outlaw's
pregnant wife."

Things Will Hum in Titan Base Building

By GORDON BROWN

WASHINGTON (AP) — There's
going to be a hum of activity soon
in 18 communities around the
north of the Little Rock Air Force
Base. Contractors will be starting
80 million dollars worth of con-
struction.

This construction involves the
building of 18 underground launch-
ing sites for the Titan intercon-
tinental ballistic missile.

These are the missiles which the
United States would blast off to-
ward the enemy in event of war.
They would, of course, carry a
deadly nuclear warhead.

The Air Force has said the
agents will begin acquiring land
for the 18 selected sites within the
next few days. A spokesman said
there is no estimate when actual
construction might get under way
and be completed.

Normally, he said, Army Engi-
neers, acting as the Air Force con-
struction agency, will call for bids
on the work in the near future and
award a contract to one builder
for all 18 sites. Obviously, he said,
there will be as little delay as
possible in the work.

The work will employ many per-
sons.

Once the launching sites are
completed, a force of 1,200 will
man them.

The sites will be located within
an area generally to the north of
the base.

Cash income which Arkansas
farmers received from sale of their
crops and livestock up to June 1
this year is at virtually
the same level of a year ago.

For the first five months of this
year Arkansas farmers took in a
total of \$144,017,000 compared to
\$144,523,000 during the same
period of 1959.

Of the 1960 total, livestock ac-
counted for \$84,672,000 and crops
\$59,345,000—compared with \$84-

Thus the levels for the two cat-
egories showed little change.

Sen. John L. McClellan (D-Ark.)
hasn't yet decided whether he will
have public hearings before his
Senate investigating Subcommittee
into allegations of misuse of
funds by an Arkansas labor union.

The union involved is Local 706
of the Plumbers and Pipe Fitters
Union, El Dorado.

McClellan conducted some pre-

He added, however, that it might
be a matter for the International
union to handle, rather than for
further legislative hearings and ac-

U.S., Russian Cage Teams Top Seeded

ROME (AP) — The United States, Russia, Uruguay and France today were top seeded in the Olympic Basketball Tournament.

The heavily favored United States team began practice today with two performers hobbled by injury.

Jerry Lucas, brilliant sophomore from Ohio State, was nursing a bruised foot which kept him out of a practice game with Spain Monday night. Allen Kelley, a member of the National AAU champion Peoria, Ill., team was benched by a thigh injury.

Coach Pete Newell said he expected both to be available for the Olympic cage competition beginning Friday night.

Bikinis Out in Olympic Swimming

ROME (AP) — The International Swimming Federation wiggled out of a ticklish situation today — it ruled out bikinis in the Olympics.

The brazen Czechs had brought up the subject. They proposed elimination of the rule which sets certain standards for the cut of a girl's swim suit.

If adopted, the move would have opened the door for two-piece bikinis or similar scant attire.

The federation voted a prim "no."

"Our rule on swim suits isn't extreme," said Max Rutter of Jenkintown, Pa., longtime member of the federation executive board. "We say they should go so high under the armpits, so low in the back and should be in one piece."

"Mainly we set forth just two demands—the suit must be modest and it must not be transparent."

Fishing Around Arkansas Lakes

LITTLE ROCK (AP) — Here is a fishing forecast from the Arkansas Game and Fish Commission:

Cobb Likes Giants But Criticizes

SAN FRANCISCO (AP) — Ty Cobb still likes the San Francisco Giants. But he sure wishes they'd forget about that Candlestick wind.

Cobb, 73, left a hospital bed Tuesday night to watch the fifth place Giants play sixth place Cincinnati. The Giants won 6-1 and the Georgia Peach was happy.

"I liked the Giants in spring training, and I still like them," he said in a press box interview. "But they should realize the hit and run is just as important as the long ball."

The wind was whistling through Candlestick Park, leading Cobb to declare:

"Sure it's bad, but you have to live with it. The hitters shouldn't try to pull the ball down the lines. They should go up the middle."

"You can hit yourself into a slump trying to be a pull hitter."

Cobb knows his hitting. He led the American League from 1907 through 1919 with the exception of 1916 when Tris Speaker won the hitting crown. He holds most of the major league records worth owning.

Cobb, first man in the Hall of Fame, said he was taking treatment and medication for the same ailment that hospitalized him earlier in the year. He declined to divulge just what the trouble was, saying only, "it's a source of poison."

He returned to Palo Alto-Stanford Hospital after the game.

Colonial Meet Opens at Memphis

MEMPHIS (AP) — The Colonial Invitational's two-day qualifying scramble opens today with 90 top amateurs bidding for the 28 berths open in the championship flight.

Match play begins Friday. Richard Crawford, a Houston University student from El Dorado, Ark., is defending champion.

Crawford qualified automatically, along with three Walker Cup players—Jack Nicklaus of Columbus, Ohio, Deane Neman of Silver Springs, Md., and Tommy Aaron of Gainesville, Ga.

The tournament is being played over the 6,511-yard, 34-35-70 Colonial Country club course with the final round on Sunday.

Bookmakers Pick Pittsburgh Pirates

NEW YORK (AP) — If you think Pittsburgh will win the National League pennant, you agree with the Broadway book-makers. They no longer are taking bets on the Pirates, who lead second place Milwaukee by 6 1/2 games.

The New York Yankees are 1-2 choices to be the American League team in the World Series which will open in the National League park, probably on Wednesday, Oct. 5. The Chicago White Sox are rated 3-1, with Baltimore a 5-1 pick.

War Not Cold in Olympic Romance

By EDDIE GILMORE

ROME (AP) — An East-West romance appeared to be budding today between an American and a Russian.

They are Boris and Doris. The American is blonde and shapely Doris G. Fuchs, 22, of Rochester, N.Y.

The Russian is Boris Nikorozov, 21, a boxer from Moscow.

"We're getting along fine," said blue-eyed Doris in an interview. "This cold war stuff doesn't go with us."

She shrugged her trim shoulders. "The trouble is—we have it sort of rough trying to talk. I don't know any Russian and Boris, well, he doesn't seem to know anything else."

She said she met Boris last week at the Olympic Village club. "I danced with him," she explained, "and well, that sort of started us off."

She said the main problem of the moment was trying to get across the idea that she wants to watch Boris work out.

Asked if she were not afraid the Russians might think she was spying, Doris smiled.

"Oh, no. Nothing like that. I just like Boris and he seems to like me."

Man Flight Soon

BERLIN (AP) — The United States hopes to send a manned space ship around the moon within three years, rocket scientist Werner von Braun was quoted today as saying.

Women's Play at Tulsa Heads to 3rd Round

TULSA, Okla. (AP) — Six internationalists were still in command of the National Women's Amateur Golf Championship today as the head-to-head match play battle moved into the third round.

Two rounds will be played today to cut the original field of 102 to eight quarter finalists. A strong possibility existed that six members of the U.S. Curtis Cup team could be in the stretch drive for the title now held by Barbara McIntire, pretty brunette from Lake Park, Fla.

The six team members on hand for this tournament are Miss McIntire, Ann Casey Johnstone, Mason City, Iowa; Anne Quist, Marysville, Wash.; JoAnne Gunderson, Kirkland, Wash.; Judy Bell, Wichita, Kan.; and Judy Ellner, Old Hickory, Tenn.

Miss McIntire defeated 17-year-old Sharon Plades of Dubuque, Iowa, Western Junior champion, 3 and 1 with a 3 over par effort.

Miss Bell was an easy 5-and-4 winner over Sandra Palmer, Fort Worth, Tex.

Miss Ellner took advantage of mistakes by Oklahoma champion Beth Stone of Muskogee to post a 2-and-1 decision. Miss Quist helped to keep the younger contingent in its place with a 2-up win over new junior champion Carol Sorenson, Janesville, Wis.

Mrs. Johnstone defeated 15-year-old Judy Torluemike, St. Louis, 4 and 2.

Miss Gunderson sidelined veteran Marge Burns, Greensboro, N.C., 3 and 1.

Sept. 29 Is Big Day for Republicans

By THE ASSOCIATED PRESS

Republican leaders have circled Sept. 29 on their calendars as one of the major nights of their 1960 campaign.

President Eisenhower will make his first political speech of the campaign that night at a GOP fund-raising dinner in Chicago. His talk will be relayed by closed-circuit television to similar dinners around the country.

Vice President Richard M. Nixon, the Republican presidential nominee, and his running mate, Henry Cabot Lodge, are expected to round out the big evening with speeches to other GOP dinners.

Nixon's more immediate plans include speeches Friday in Atlanta, Ga., and Birmingham, Ala., after an address today in Detroit to the Veterans of Foreign Wars convention.

Sen. Barry Goldwater (R-Ariz.) said he had advised Nixon to continue his campaigning in the South "because I believe the majority of Southern states will go" for the Republican ticket.

The Senate Republican Policy Committee told Nixon Tuesday that his campaign was going well. Nixon later told newsmen the group had given him "quite optimistic reports."

Nixon's Democratic opponent, Sen. John F. Kennedy, was scheduled to address a rally tonight at Alexandria, Va., just across the Potomac River from Washington.

Governor Lindsay Almond Jr. said he would interrupt a vacation to welcome the nominee.

Virginia's powerful Democratic leader, Sen. Harry F. Byrd, has not said whether he will support the Kennedy ticket.

Separate measures backed by the two candidates to provide medical care for the aged were defeated Tuesday by the Senate. Finally approved was a program of federal grants to the states—a less liberal plan than those favored by either candidate.

Kennedy's measure would have placed the health benefits under the Social Security system. The Nixon-backed measure called for a federal-state subsidy.

Kennedy blamed his setback on the threat of a presidential veto.

The Democratic national chairman, Sen. Henry M. Jackson of Washington, emphasized political implications when he said "with a Democratic president we will pass this program. We will bring it up next year as one of the first orders of business."

A former Republican national chairman, Sen. Hugh Scott of Pennsylvania, said the defeat of the Democratic measure "was a vote of no confidence in Kennedy's leadership. Sen. Kennedy has failed to unite and lead his party."

The religious issue—Kennedy is a Roman Catholic—bobbled back into the political news.

North Carolina news executives attending a Capitol Hill luncheon asked Kennedy about the religious issue in the campaign. He said "I can't believe in the year 1960 the United States is going to say 'I cannot be president because of the church I go to. I think the country is going to be fair about it.'"

Mrs. Charles Hymes of Minneapolis, president of the National Council of Jewish Women, urged all voters—particularly Jewish women—"to combat the religious prejudice which has entered the presidential campaign."

Musical Meet Is Held at Boys Town

By BILL DEAN

BOYS TOWN, Neb. (AP) — Down in the cottages the kids were rocking to a platter by Tummy Sands or snapping their fingers to Bobby Darin's rhythms.

But on the hill, from the open windows of the music hall, drifted some of the Western world's oldest music, the Gregorian chant.

The chant was the focal point for more than 100 men and women from 32 states and Canada who attended Boys Town's annual liturgical music workshop which ended today.

"The chant is the root of Western music," says Roger Wagner, director of the chorale which bears his name and a member of the workshop faculty.

"The chant is the supreme model for good liturgical music," agrees the Rev. Francis Drummer of Grand Rapids, Mich., another faculty member.

In a large measure, the liturgical music of the Catholic Church is the music of the High Mass. Through the ages the chant—which takes its name from Pope Gregory the Great, who reigned at the turn of the seventh century—has been the inspiration for the music of the Mass.

The timelessness of the music is emphasized by the setting here. The world of Boys Town, the haven for homeless boys founded by the late Father Edward Flanagan, is strictly 20th century—like the music in the cottages where the older boys live.

Except for the Boys Town Choir, the boys themselves were not involved in the workshop.

They called this the "choirmasters' workshop," though many church organists attended, too. Most, but not all, were Roman Catholics. The aim was to give them experience performing under top musicians, to study the background in the history of church music and to acquaint them with contemporary liturgical music as well as the basic chant.

Except for the Boys Town Choir, the boys themselves were not involved in the workshop.

They called this the "choirmasters' workshop," though many church organists attended, too. Most, but not all, were Roman Catholics. The aim was to give them experience performing under top musicians, to study the background in the history of church music and to acquaint them with contemporary liturgical music as well as the basic chant.

The timelessness of the music is emphasized by the setting here. The world of Boys Town, the haven for homeless boys founded by the late Father Edward Flanagan, is strictly 20th century—like the music in the cottages where the older boys live.

Mr. and Mrs. J. D. Thornton

The wedding of Miss Nancy Kay Kent, daughter of Mr. and Mrs. Lester Kent, and Judson Dean Thornton, son of Mr. and Mrs. Palmer Thornton of Dandridge, Tenn., was solemnized on Saturday afternoon, August 6 in the First Baptist Church.

Dr. John McManahan performed the double-ring ceremony before an altar decorated with pink gladioli. Pre-nuptial music was furnished by Mrs. Haskell Jones, vocal soloist, and Mrs. Hendrix Spraggins, organist. The latter also played the wedding march, and Mrs. Jones sang "The Lord's Prayer" while the couple knelt on a prie dieu after the exchange of vows.

Given in marriage by her father, the bride wore a traditional wedding gown of white satin and lace. The fitted lace bodice had a scoop neckline and short sleeves. Lace medallions enhanced the full skirt which swept into a cathedral train. The bride wore lace mits that matched the trim on her dress. Her veil was also trimmed with lace medallions, and it was attached to a caplet trimmed with seed pearls. The bridal bouquet was of pink rosebuds and fleur d'.

Miss Faye Flanagan of Paint Rock, Ala., was the bride's maid of honor. She wore blue silk organza with a matching afternoon hat. Her flowers were pink carnations. Little Miss Sharon Rateliff, niece of the bride, was the flower girl. She wore pink silk organza with a matching bandeau, and her blue flowers were like those of the honor attendant.

Gene Moore of Knoxville, Tenn., served the bridegroom as best.

Man. Ushers were James Light of Shreveport, La., and John Barr.

Mrs. Kent wore an ice blue dress for her daughter's wedding. With it she had matching accessories and a pink carnation corsage. Mrs. Thornton, mother of the bridegroom, wore a green frock with blending accessories and a yellow carnation corsage.

Following the wedding a reception was held at the Hope Country Club. The guests were met at the door by Mrs. Kelly Walton who introduced them to the receiving line in which there were the wedding party and parents of the wedding couple. Pastel flowers and candelabra holding white lilies decorated the clubhouse.

At the bride's table the guests were served pink punch from an ice ring by Mrs. Hanson Barr and Mrs. Eldridge Fortmy. Mrs. Raymond Bellis of Tullahoma, Tenn., sister of the bridegroom, and Mrs. Nona Walton served the tiered wedding cake.

Mrs. Norris Rateliff, sister of the bride, had charge of the bride's book. Those who assisted in serving the guests included Mrs. Raymond Goforth of Dandridge, Tenn., sister of the bridegroom; Mrs. Gary Corley of Smackover, and Miss Vivian Light.

When the newlyweds left for a short wedding trip, the bride wore a taupe silk shantung sheath with a jacket and matching accessories. She pinned a pink rosebud corsage taken from her bridal bouquet at her shoulder.

The couple will reside in Nashville, Tenn., where Mr. Thornton will continue his study of law at Vanderbilt University.

No War But Plenty of Red Trouble

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The head of America's super-spy outfit doesn't expect the Soviets to make war on the United States any time soon. But he does expect them to give this country trouble in other ways for a long time.

Allen W. Dulles, director of the Central Intelligence Agency, made a plea Monday night for more courses in American schools on Communist theory and practice.

Talking to the Veterans of Foreign Wars in Detroit, Dulles refused to believe any soft talk from Russia's Premier Nikita Khrushchev whose intentions, he said, are the same as those of Lenin and Stalin: world communism.

The only difference between Khrushchev and his predecessors, Dulles said, is a difference in technique in trying to reach the same goal.

During the years immediately ahead, it seems more likely that the immediate danger will be facing, and on a worldwide basis, will be Communist political, economic and subversive action, and penetration, not a hot or nuclear war, Dulles said.

He listed seven points he said are basic elements of Khrushchev's policy:

1. Build up Soviet military might based on ballistic missiles which would give him an effective weapon for direct attack on the United States.

2. Build up Soviet industry at the same time—to satisfy some of the needs of the Russian people—but still devote a greater share of it to military aims than the United States is likely to do with its industry.

3. Support all elements of extreme, rabid nationalism in Asia, Africa and Latin America, Dulles said. "He is working for chaos in countries from Cuba to the Congo, and chaos breeds communism."

4. Aim economic and technical aid at certain critical countries in Asia, Africa and Latin America where "the Communists believe they can make the most headway."

5. Keep in high gear Russia's worldwide subversive apparatus in countries from "Cuba to Central Africa and to Southeast Asia and indeed throughout the world."

6. Build Russia's formidable military weapons in secrecy and even exploit spy scares to preserve that secrecy while refusing any meaningful inspection system which would make disarmament workable.

7. Propaganda. Dulles said Khrushchev is directing "the greatest propaganda machine the world has ever known."

Thus the immediate future, as Dulles sees it, will bring not war but tremendous Soviet efforts at Communist subversion all over the world for years to come.

American to Laos for Conference

VIENTIANE, Laos (AP)—An assistant U. S. military attaché flew with a revolutionary government delegation today to southern Laos for talks aimed at ending a civil war threat.

Gen. Ouano Rathikone, revolutionary army commander, was accompanied on the trip to Seno, near Savannakhet, by Maj. J. Freeland of the U. S. Army, and U. N. political officer Robert Fairclough.

Savannakhet is headquarters for Gen. Phoumi Nosavan, former defense minister in the pro-Western Tiao Somsanith government that was replaced by neutralists after a coup d'etat two weeks ago.

Phoumi opposes the government of Prince Souvanna Phouma, premier picked by the army rebels who staged the coup. Phoumi gathered a counterrevolutionary fighting force and pledged to retake Vientiane.

Tells of Drive on Wage Bill

LITTLE ROCK (AP)—A suit may be filed this week seeking to keep a minimum wage proposal off the November general election ballot, the Arkansas Gazette said today.

Quoting an unidentified AFL-CIO official, the Gazette said a group of retail merchants would be plaintiffs in the suit. The state AFL-CIO sponsored the measure, which would result in an eventual minimum wage of \$1 an hour with a 40-hour work week.

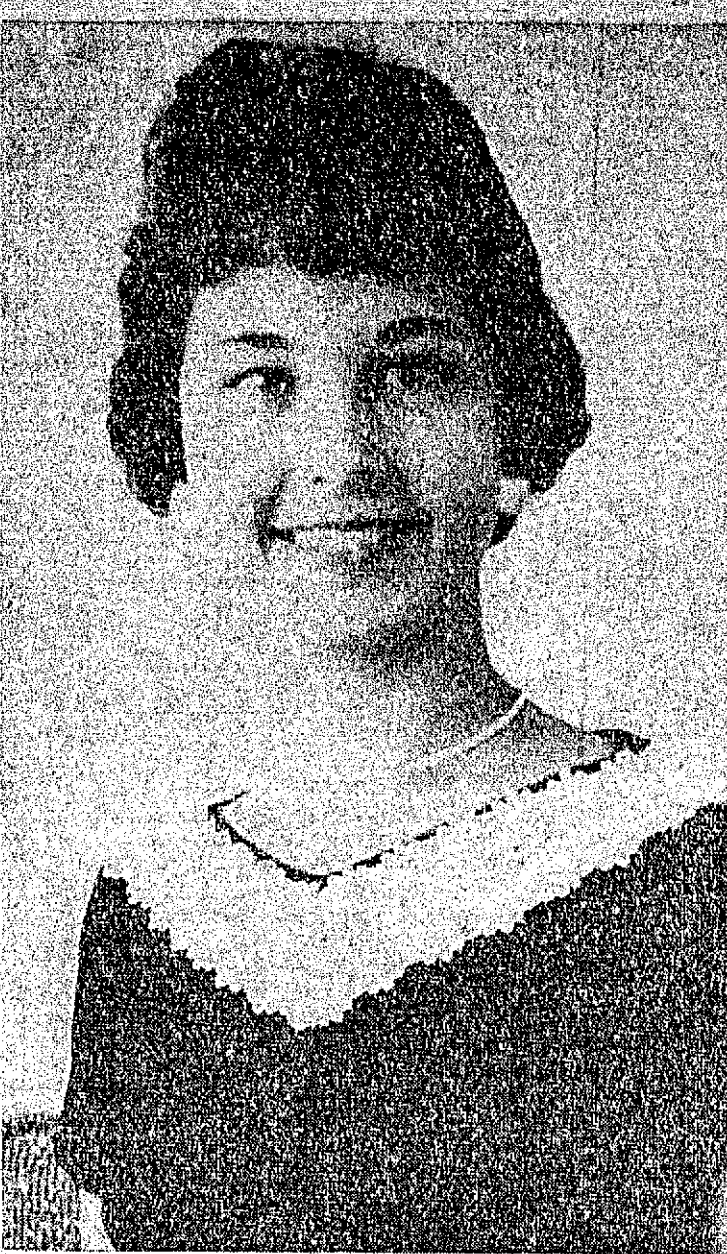

Job of Elector Not Popular

LITTLE ROCK (AP)—The job of Democratic presidential elector apparently isn't a very popular one in Arkansas this year.

Leon Callett, secretary of the state party, said today he had not received a single request from anyone who wanted to be named an elector.

Democrats will choose their eight electors at a meeting of their State Committee here Saturday. Gov. Orval E. Faubus said yesterday he had no preferences for electors.

Prescott's Representative

Sallie Cottingham

PRESCOTT—Sallie Cottingham, 17 year old, brownette, daughter of Mr. and Mrs. W. E. Cottingham, has been chosen to represent Nevada County in the 1960 Miss Arkansas Forest Queen Contest.

On September 1, she will enter the SW Arkansas district semi-final judging at Hope, this event is being sponsored by the Federation of Garden Clubs.

Leaves for HD Convention

Mrs. Lester Kent

LEAVING TUESDAY FOR THE NATIONAL MEETING of Home Demonstration Clubs Council was Mrs. Lester Kent who joined 41 Arkansans. Mrs. Kent appeared on a Little Rock TV station Wednesday morning, and will appear on Don McNeill's Breakfast Club Thursday morning. Asked to bring some local item of interest Mrs. Kent spent Monday night making the hat she is wearing. It is made from seeds from local watermelons. She tried to get the seed hat the Garden Club made but it had been lost, so she made her own.

Smoke in Home Smothers Four

DETROIT (AP)—A young mother and her three daughters suffocated today when smoke from a kitchen fire filled their home in suburban Southgate.

Police Lt. John O'brien said the mother apparently ran screaming from the house, then perished when she returned in an attempt to rescue the children. The bodies of Bette Rae McGlothlin, 26, and her three children, 16, 14, 12, and 10, were found on the floor of the front bedroom occupied by the children.

Actress Improving

HOLLYWOOD, Aug. 24—Former actress Mae Marsh, who said today she was leaving for home, has been dropped by 20th Century Fox. The extension was ordered by the studio after Marsh had been dropped from a new picture, "The Girl in the Red Velvet Swing," which she had been filming.

Youth Accidentally Kills His Mother

HAYWARD, Calif. (AP)—A 37-year-old boy shot and killed his mother today when she was in the kitchen. The boy, who is 17, is being held in a local jail.

Betty Edwards, 24, was shot in the chest by her son, James, who was 17 at the time. The boy was charged with first-degree murder. He is being held in a local jail.

Nazi is Blacked

NEW YORK (AP)—An impulse to keep an American Nazi business from the nation has been extended to 8 p. m. by the Federal Reserve Board. The extension was ordered by the board after it had been dropped from a new picture, "The Girl in the Red Velvet Swing," which she had been filming.

Would Block Secession of the Senegal

By ULYS YATES

PARIS (AP)—Moussa Keita, premier of the Mali Federation, has appealed for immediate U.N. help to block secession of the West African state of Senegal from the infant federation.

The appeal, sent through President Sekou Toure of Guinea, accused France of failing to provide troops to preserve the union of Senegal and the former French Sudan, Keita, who is also premier of Sudan, called for an emergency meeting of the Security Council.

Word of Keita's appeal was relayed by a Soviet correspondent in Guinea and broadcast by Moscow radio. U.N. headquarters in New York said that up to Monday night it had not received any direct request for U.N. action.

Premier Mamadou Dia of Senegal, who was also vice premier of the Mali Federation, proclaimed Senegal's independence from the federation Friday after a struggle for power with Keita.

The latter, seeking to consolidate his power before the presidential election, had dismissed Dia from the vice premiership. But with Dakar the capital of both the federation and Senegal, police and troops in the port city where loyal to the Senegal premier. Keita was put under house arrest and then sent off to the neighboring Sudan by train.

Lia was expected in Paris today to talk with President Charles de Gaulle about the rupture. De Gaulle also invited Keita, but there was no word he would come.

Cheaper U. S. Money Seems Inevitable

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Cheaper money in the United States is coming all along the financial front, like it or not.

The hope is that it will help business pick up speed this fall after its spring and summer lull, although the experts are divided on whether it will.

But lower interest rates here also could spur our loss of gold and the flow of short-term capital from these shores to those of booming Europe.

A less likely, but still possible, result of lower interest rates now is that this might set off a new inflationary boom, but only a few think the economy is in a position to react in that way.

It's this rather mixed blessing that the financial, business and government world is studying today in the wake of the initiation of a drop in the cost of business borrowing from the nation's banks. This bank charge is called the prime rate, and it is the most important of the many interest charges in its spreading effects on business and individuals alike.

The drop in interest rates here is partly the result of the stagnation of industry—less demand for credit at a time when funds for investment are building up.

Part of the drop is due to steps taken by the nation's money managers, whether these are to bring interest rates in line with current conditions, as the Federal Reserve Board insists, or whether the moves are consciously intended to break the business stalemate before it slips into recession.

But the interest rate trend here is running counter to that elsewhere in the world, particularly Western Europe. And as a result, the United States has been losing both long-term funds and gold. The trend has become so sharp that in West Germany and Switzerland and others are being taken to halt the flow lest it spur inflation there.

Our loss of gold slowed for a time, but in the last six weeks the U. S. Treasury store has dropped by 300 million dollars. More disturbing is that foreign holders of U. S. dollar assets could call for gold instead and the drain could pick up speed.

U. S. money authorities think this unlikely and apparently don't mind more important just now: the bending into line of interest rates, low enough to tempt business men to borrow for expanded activities for new equipment or plants, or building up stocks.

The also appear to hope that cheaper money will revive the home building industry and perhaps the lagging sales of semi-appliances. In turn this could mean more factory output, more jobs.

The Federal Reserve has been slowing the scene for a drop in the bank's prime rate by two cuts in its own charges for funds lent to member banks and by making an additional one million dollars of bank reserves available to them for lending by Sept. 1.

The banks have been slow to take the money, but while the nation has been dropping by 200 million dollars in its own charges for funds lent to member banks and by making an additional one million dollars of bank reserves available to them for lending by Sept. 1.

THE STORY OF MARTHA WAYNE

Four Rescued Forestry Queen Hopeful From Crash in Colorado

EAGLE, Colo. (AP)—A woman injured in a plane crash Sunday in the jagged White Mountains of northwest Colorado was rescued from the wilderness by an Air Force helicopter today.

Bonnie Shultz, 24, of St. Joseph, Mo., was brought to Eagle in the helicopter, then was transferred to a plane for a trip to a Denver hospital.

She was the last of four persons in the plane wreck to be brought out. Three of the four suffered injuries.

Her husband, Ellis Lynn Shultz, a clinical psychologist at the state hospital at St. Joseph, plodded through 20 miles of dense forest (S) the ranch house of Tom Currier Monday afternoon to summon help.

The other two in the party, A. W. Hile, 31, the pilot and also a psychologist at the hospital, and Mrs. L. Pursey, Nevada, Mo., were brought out by jeep and ambulance shortly before midnight.

Mrs. Shultz suffered a back injury.

Blue and Pursey, who suffered broken legs, were hospitalized at Glenwood Springs, Colorado. Their condition was described as good. Shultz suffered cuts, bruises and sprained ankle.

The crash of the Tri-Pacer, Piper, occurred Sunday about 30 minutes after the San Francisco vacation-bound party had departed from the Eagle airport. Shultz said he thought the plane was caught in a downdraft.

Educators Meet With Governor

LITTLE ROCK (AP)—Gov. Orval E. Faubus and an Arkansas Education Assn. committee met today behind closed doors to discuss Amendment 52, a school-closing measure Faubus sponsored in the 1959 legislature.

The AEA, which opposed the amendment, wants Faubus to take a public stand either for it or against it. The committee was headed by State Sen. Clarence Bell of Parkin, a school superintendent who also was Faubus' campaign manager in his successful bid for nomination to a fourth term last month.

Bell introduced the amendment in the legislature, but said recently he now opposes it because of some of its financial features.

The measure would allow local option abolition of public schools in districts faced with court-ordered desegregation.

Mary Ann Patillo.

MENA — Mary Ann Patillo, has been chosen Polk County Forest Queen for 1960. She is the 18-year-old daughter of Mr. and Mrs. Armont Patillo of Mena.

Mary Ann is a graduate of Mena High School, where she was president of the National Honor Society, Chairman of Poster Committee, member of Student Council, FHA and Annual Staff, since

completion of high school. She has been second vice president and treasurer of the Mena B&P Club.

Her hobbies are drawing, reading and sewing.

On September 1, she will enter the Southwest Arkansas District semi-final judging at Hope. This event is being sponsored by the Hope Federation of Garden Clubs.

Gains Aid for Weather Station

WASHINGTON (AP)—Rep. E. C. Gathings (D-Ark) has joined Sen. J. W. Fulbright (D-Ark) in efforts to get a detailed agricultural weather reporting service extended to eastern Arkansas, western Tennessee and southeastern Missouri.

Gathings yesterday asked Rep. Albert Thomas (D-Tex) to include \$187,000 in a pending supplemental appropriation bill to finance the new service, which would issue

frequent forecasts to farmers. Such a service has been operating in Mississippi for more than a year and is to be extended to northern Louisiana.

Fulbright made a similar request in the Senate. Gathings said the service would involve tie-ins with weather offices in Memphis and Little Rock and establishment of research stations at Keiser, Ark., Sikeston, Mo., and Jackson, Tenn.

Asks Change in Sugar Allotment

WASHINGTON (AP)—President Eisenhower today asked Congress for legislation giving him power to take away from the Dominican Republic an allotment of 322,000 tons of sugar for the U.S. market.

The President's action followed up condemnation of the Dominican regime of strong man Rafael L. Trujillo by the foreign ministers of the American Republics meeting at San Jose, Costa Rica.

When Congress in July authorized Eisenhower to reduce Cuba's

sugar allotment by 720,000 tons, it provided that 322,000 tons of this reduction go to the Dominican Republic.

Citing the action of the foreign ministers in condemning Dominican acts of aggression against Venezuela and calling for a break in diplomatic relations with the Dominican Republic, Eisenhower said: "In view of the foregoing considerations, the government should have discretion to purchase elsewhere the quantity allotted to the Dominican Republic pursuant to the July amendment to the Sugar Act."

"I therefore request legislation providing that amounts which would be purchased in the Dominican Republic pursuant to the July amendment need not be purchased

Kills a Deputy

HOUSTON, Tex. (AP)—Lewis E. Semora, 32, sprayed his neighborhood with shotgun charges Monday night and killed a deputy sheriff as police surrounded him. Sheriff Buster Keene said Semora was incoherent and couldn't answer questions. He was taken to a hospital for treatment.

Killed was Deputy Donald E. Knowlton, 31, who volunteered his help when police were called to the Semora home by a neighbor. Evelyn Lindsey, 33, who said two armories and would appreciate expedient clearance of the appropriated construction funds.

A total of \$36,000 for the projects are contained in a recently approved defense construction appropriation bill. The measure pro-

Fulbright Asks Release of Funds

WASHINGTON (AP)—Sen. J. W. Fulbright (D-Ark) wants to know when the Defense Department plans to release funds appropriated for eight new Arkansas National Guard armories.

He wrote Defense Secretary Thomas S. Gates yesterday that "The citizens of these communities are know when the Defense Department plans to release funds appropriated for eight new Arkansas National Guard armories."

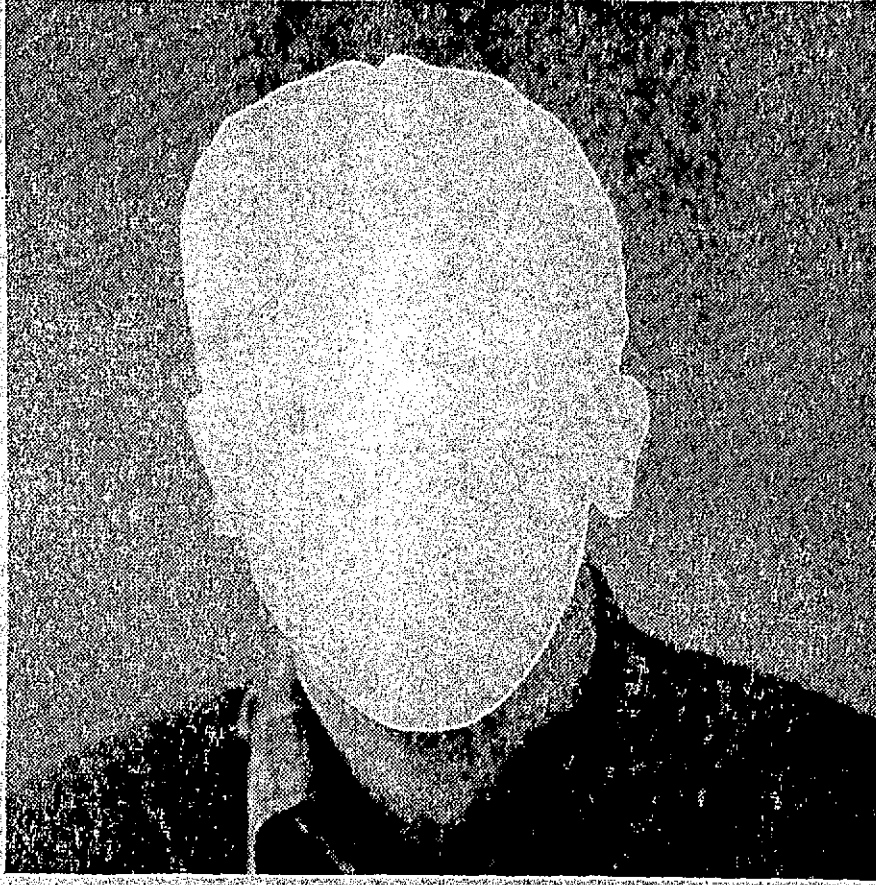

A total of \$36,000 for the projects are contained in a recently approved defense construction appropriation bill. The measure pro-

vided \$45,000 each for armories at Danville, Dumas, Hope, Springfield, Perryville and Sheridan and \$17,000 each for armories at Marshall Mountain, Home and Siloam Springs. Fulbright asked for "early action to allocate these funds."

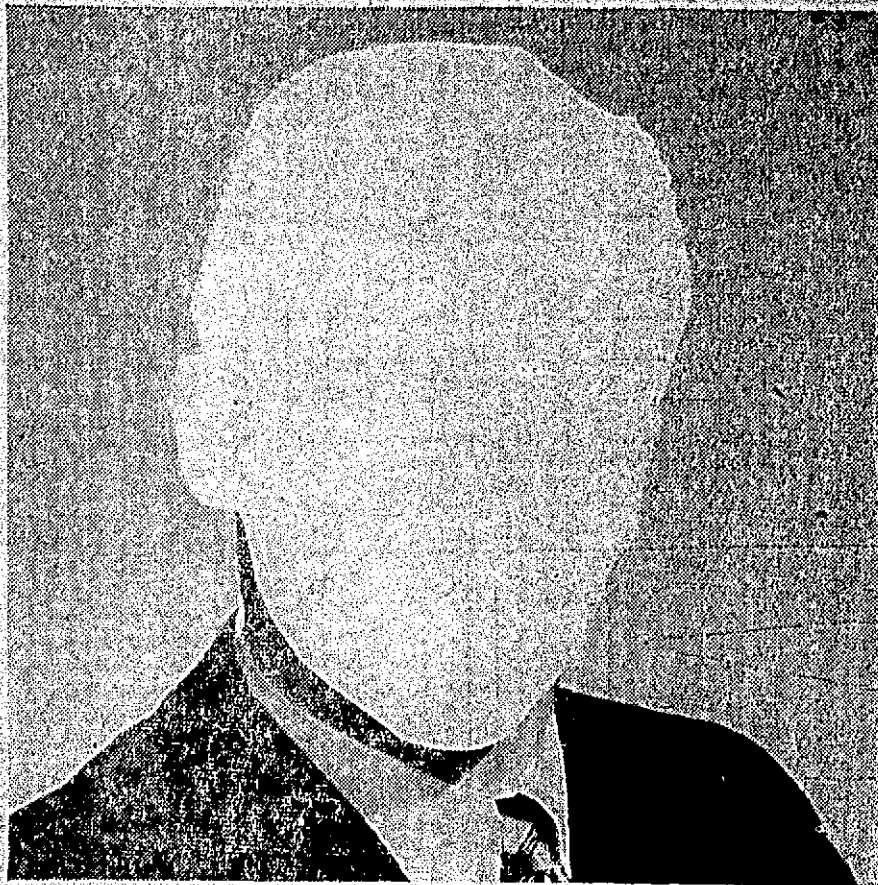

Derailment Delays

NEW YORK (AP)—Thousands of commuters who live in Connecticut and work in New York City were delayed today by a derailment.

An empty tank car jumped the tracks just east of the station at Stamford, Conn., as a 10-car New Haven freight train was moving through the city at 4:35 p.m. The derailment blocked two of the New Haven's four tracks.

IF YOUR LAST NAME IS DIFFERENT from the person who has the telephone where you are living, you may be missing many a phone call. A separate listing is ideal for each adult—relative, friend or boarder—whose last name is different from the person in whose name the phone is listed.

BUSINESSMEN can pick up valuable new business, increase profits, keep customers happy by making it easy for people to reach them at home after regular business hours. For instance, list in the directory both your office number and the telephone number to call after business hours. Why not do it today?

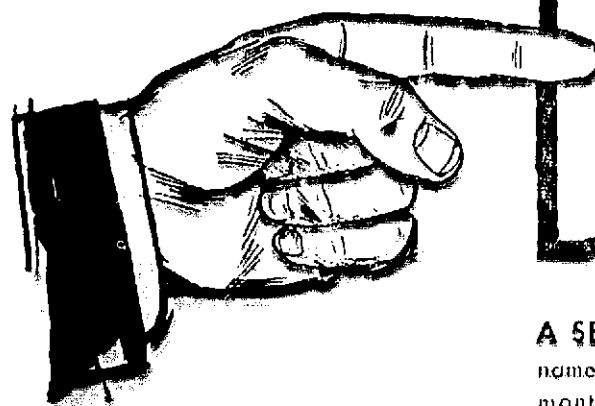

YOUNG ADULTS often miss calls—and, worst of all, social events—because friends don't know how to reach them . . . don't know how their family's telephone is listed in the directory. Why take a chance? Put your name in the phone book. You can pay for the listing out of your allowance or earnings from your job.

ACTIVE WOMEN who are workers in club, church, civic groups often have trouble telephoning each other, because they know each other as Helen Jaynes or Karen Chalmers, don't know the first name or initials of husbands in whose name the phone is listed. End this trouble by listing your name in the phone book, too.

Do you fit any of these pictures?

Don't be left out. Be easy to find. Make sure *your* name is in the telephone book. Why take a chance of missing important phone calls? A separate listing makes it easy and convenient for others to keep in touch with you.
